

DO-IT-YOURSELF SOAP BUBBLE SOLUTION

1 l warm water
1 tbsp sugar
3 dl dishwashing liquid
(3 tbsp glycerine)

- ✓ Dissolve the sugar into the warm water.
- ✓ Pour in 3 dl of dishwashing liquid. Don't let it foam!
- ✓ If you want, you can add glycerine, which is sold at pharmacies. (Avoid getting it on your clothes to prevent stains.)
- ✓ Remove any foam, as it can break bubbles.
- ✓ You can let the solution sit for a couple hours before use.
- ✓ Blow some bubbles and watch them float!
